LYNCH HITS BACK AT 'WILLI' CRITIC

• Mayor Lynch

A Williamstown councillor who recently criticised Altona Council over the naming of Paisley High School and other matters came under fire from Altona's mayor, Cr. Pat Lynch, this week.

"Any councillor from another municipality who tries to have a couple of pounds of me will get it back," Cr. Lynch said.

"And I would suggest that this councillor concentrate on items within the perimeter of his own city."

Cr. Lynch was referring to remarks made by Williamstown's Cr. Jack Byron. Cr. Byron was quoted by a local newspaper as having said he had attended a meeting at Altona Council when there was a fierce debate over the naming of the school.

The Education Department had decided two years ago to call the school Newport High. "Altona is miles away across the swamp," Cr. Byron was quoted as saying.

The newspaper reported that Cr. Byron had gone on to attack Altona council's readiness to name reserves after councillors. He said that a Williamstown councillor had to serve the municipality for a minimum of 10 years to qualify for this.

He was reported as saying: "In Altona, immediately after you are elected, you have your name hung on a few blades of grass."

"Our neighboring city to the west gives these things like boxes of chocolates."

Attacking Cr. Byron's remarks, Cr. Lynch said: "I think this councillor is having a personal go at me."

"He was quoted as saying: 'Perhaps I could have said this in a kinder way.'"

"As long as I have been on this council, no Altona councillor has stuck his nose into another municipality's business and I trust they never will."

"As for the comment that Altona is miles away across the swamp, I can only describe that as a childish remark."

Cr. Lynch was supported by Cr. Doug Grant, who said Williamstown could take a leaf out of Altona's book.

"I know of a Member of Parliament who served the area for years and he doesn't even have a street named after him in Williamstown," Cr. Grant said.

The remarks by Cr. Grant, along with councillors' best wishes for the mayor's mother, who is soon to turn 80, concluded Monday night's meeting.

Have bike,
will travel

■ The grey-haired figure you see pedalling the streets of Seaholme on an old black bicycle is none other than your local school principal.

Murray Edmonds, 43-year-old headmaster of Seaholme State School, uses the bike to make little trips around the area.

Mr. Edmonds does have a car — but it's parked in the driveway of his Geelong home for four out of five working days.

Five teachers in the Williamstown-Altona areas travel by car on a roster system from Geelong each day. Mr. Edmonds bought his black and rather old bicycle from a great uncle at Christmas 1970.

He has been pedalling the streets of Seaholme ever since.

Apex busy on Quest

Altona Apex Club members are busy making arrangements for what promises to be the biggest ever Miss Altona Apex Quest.

The 1972 quest, in aid of the Western Suburbs Spastic Relief Association Hostel Appeal, will culminate with the final judging and ball at the Tarmac Hotel, Laverton, on Friday, July 14.

Arrangements are being made for top television and radio celebrities to attend the ball, and a brand new cabaret group featuring local artists will make its debut on the big night.

In conjunction with the quest, the Apex Club will raffle a full home stereo sound system valued at \$1000 and a portable television set valued at \$250.

The winner of Miss Apex Altona will receive \$250 cash and \$50 entry into the Quest of Quests and Miss Altona Charity will receive \$250 cash.

The quest is open to any girl aged from 16 years to 25 years of age. The only stipulation is that entrants must raise at least \$50 towards the quest appeal.

Approaches have been made to local industries to sponsor a girl. The club requires \$50 sponsorship for each girl in the quest to cover running expenses.

Local industries which sponsor a girl, even one from their own staff, will receive free advertising in publicity of the quest and on the ball programme.

The money raised by the quest will go towards the cost of the Western Suburbs Spastic Relief Association Hostel, which will be built in Altona.

The hostel will cost about \$60,000, of which \$40,000 will be contributed by the Government.

Girls wishing to enter the quest are asked to contact Apex member Mr. George Killingback on 399 2063. Sponsors should contact the club by phoning either 391 3820 or 314 7291.

THANKS!

By JOHN DIXON

A noise like an off - key middle C sounded through the north - eastern area of Altona on Monday.

It ripped at the nerves of housewives in the area with its wailing non-stop monotone.

Among these housewives was my wife. When I arrived home from work her nerves were almost at the stage where she was about to start chewing the edge of the carpet.

Something had to be done; the matter was serious. So serious, it even threatened to interfere with the telly.

My mind flashed back to the several years I had spent at the Press table at Altona Council's meetings.

Industrial chemist Cr. Doug Grant had, I remembered, been elected to council on a platform based to a big degree on his experience in pollution problems.

He had proved over the years since to be just the man for the council's "portfolio" of pollution.

I telephoned him and outlined the complaint ... within 20 minutes the wailing had stopped.

And, as my family's tattered nerves started to mend, a spokesman for PRA telephoned to apologise and give an assurance that the trouble would not be repeated.

Thanks, Doug ... and PRA

JAMES IS ONE IN A HUNDRED

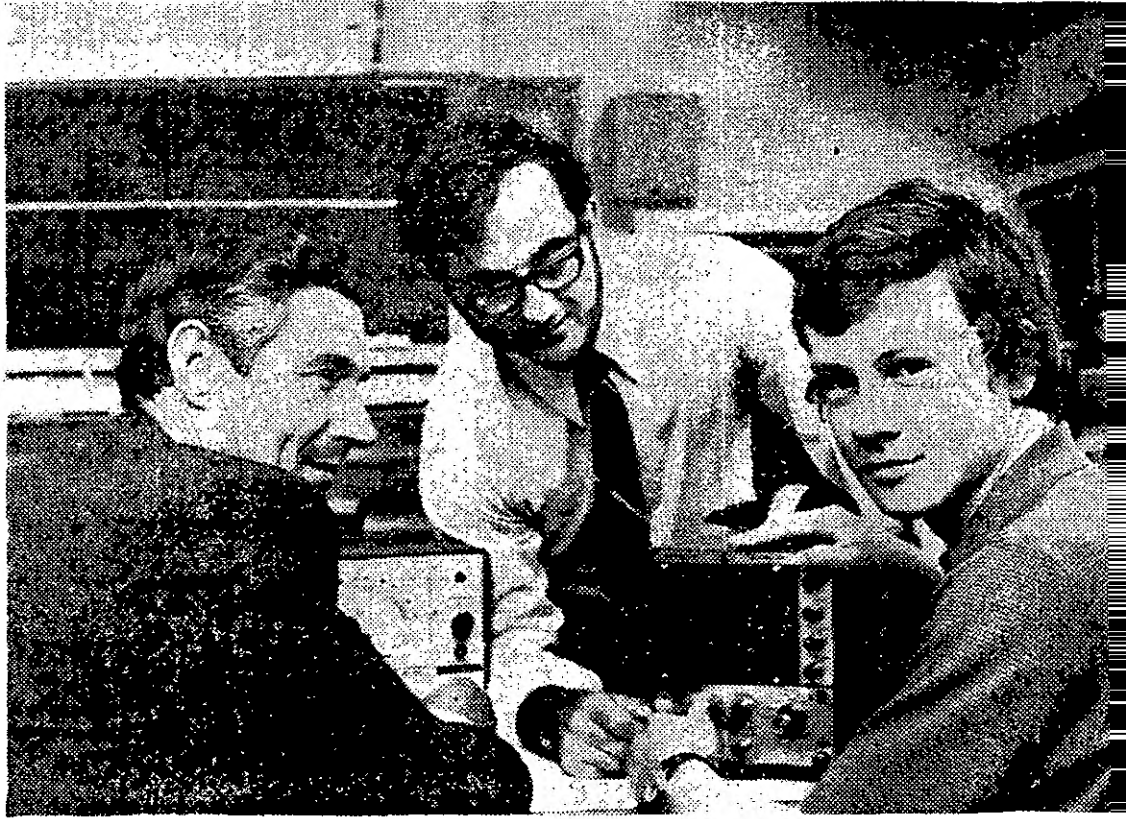

Altona North High School pupil, James Morton, has been placed among the top 100 Commonwealth University scholarship students in Victoria.

In his recent examinations, James gained a general distinction and also a distinction in physics.

He is the first Altona North High pupil to gain these awards.

Four other pupils also gained scholarships and 26 pupils all told passed examinations to enable them to continue their tertiary studies, subject to quota restrictions.

Despite the percentage pass rate being lower than previous years, 19 teaching studentships have been offered to sixth form students and eight teaching bursaries have been attained by fifth and sixth form pupils.

Co-operation is the idea, says pollution chief

The Altona Star has received a letter from the chairman of the Environment Protection Authority, Mr. J. C. Fraser, commenting on a recent article in this newspaper.

Mr. Fraser refers to the report headed "No pollution or no work" ultimatum and suggests that it might arouse serious uneasiness among industrialists in the area.

Mr. Fraser says that most industrialists are anxious to prevent pollution and that the best results can be obtained by co-operation and education.

He writes:

"WHEN the Environment Protection Act becomes fully operational everyone discharging waste into the air, into

water, or on to land will need to apply to the Authority for a waste discharge licence.

"The Authority then grants the licence, grants it with conditions, or refuses to grant it.

"But this process will be carried out in a realistic manner, with due regard to all factors affecting the situation. It is not our desire to close down factories — even if we had the power to do so. We simply wish to stop pollution.

"The Environment Protection Act contains a number of very heavy 'clubs'

with which to hit the flagrant polluter. For instance, fines can be imposed of up to \$5000, or up to \$2000 a day for a continuing offence.

"But these clubs will be used only as a last resort.

"In serious cases which defy correction it may be necessary to deny an application for a waste discharge licence or to revoke a licence already issued. This would mean that the discharger could no longer discharge his wastes without causing a violation of the Act.

"Such a violation would go to the courts for determination and the application of fines as provided in the Act.

"I do not expect many such cases.

"The Environment Protection Authority will be relying primarily on co-operation rather than force, to achieve its goal of a clean, healthy and pleasant environment for Victoria."

J. C. Fraser,
Chairman.

WORK TO START THIS MONTH ON DAVID ST. SEWER

Work will commence this month on the David Street Branch Sewer, which will serve an area bounded by Romawi Street, Queen Street, McBain Street, Esplanade, Bent Street, and Railway Street, South.

Reporting to the recent Altona Council meeting, Altona's Board of Works Commissioner, Cr. Harry Weaver, said the area comprised 125 houses, shops and six vacant lots.

A map of the area would be displayed at the Altona Library, he said.

"Estimated cost of the 6204 lineal feet of 12-inch nine-inch and six-inch sewer would be \$316,730 and the project would be completed in August," he said.

Cr. Weaver continued: "It will be recalled that the council had loaned the Board of Works \$200,000 for a four-year term at an interest rate of 7.3 per cent for this project. The Board will finance the remaining \$116,730."

Work on the project will be carried out by D'Manzo Bros. Pty. Ltd.

'AHEAD OF SCHEDULE'

Cr. Weaver said construction of sewerage main and reticulated sewerage in area 1890 was ahead of schedule.

"The Board of Works contractor for this project had almost completed the 12-inch branch main which ran south from Wren Street to Queen Street."

A nine-inch branch sewer was now under construction between Grieve Parade and Maidstone Street. This branch sewer was expected to cross Maidstone Street near Queen Street in three weeks time.

In order to further advance this project the contractor would expand his work force by 50 men.

At the recent council meeting, councillors nominated Cr. Weaver for a further three-year term as Altona's representative on the Board of Works.

Councillors were full of praise for the work Cr. Weaver had done as a Commissioner during the past three years.

LUCKY KIDS...

The kids at Seaholme are looking for fine weather.

Because, when the sun comes out down their way, pupils at Seaholme State are taken down to the beach for a dip.

This applies to all pupils except the four-and-a-half to five-year-olds.

Three groups go down to the sea each afternoon in the hotter weather, enabling all pupils to go down about twice a week.

The visits are in addition to the school's excursions to the Werribee and Sweeney pools. The school's headmaster, Mr. Murray Edmunds, explains that it is very difficult for children to concentrate and work properly during the hot weather. Splashing about in the seas he says is a good way of learning confidence, buoyancy and mobility in the water.

CHERRY LAKE FISHING SOON

Altona's Cherry Lake may be invaded by modern-day Huckleberry Finns in April or May when the Fisheries and Wildlife Department stocks the Board of Works pondage with either English perch or redfin.

Altona Council has been advised by the Fisheries and Wildlife Department that stocking of the lake cannot be undertaken before April or May.

Department Secretary, Mr. A. N. Cavanagh, in a letter to the council said investigation of the lake by officers of the Freshwater Fisheries Division had brought them to the conclusion that the only species of fish likely to adapt to the lake and provide angling were English perch or redfin.

He said that as these species were not available from the Snob's Creek Freshwater Fisheries Research Station and Hatchery, stocking of the lake would have to be effected by field netting of lakes containing redfin and transporting them to Cherry Lake.

Mr. Cavanagh said the Officer-in-Charge, Freshwater Fisheries would contact the council when the project had been finalised.

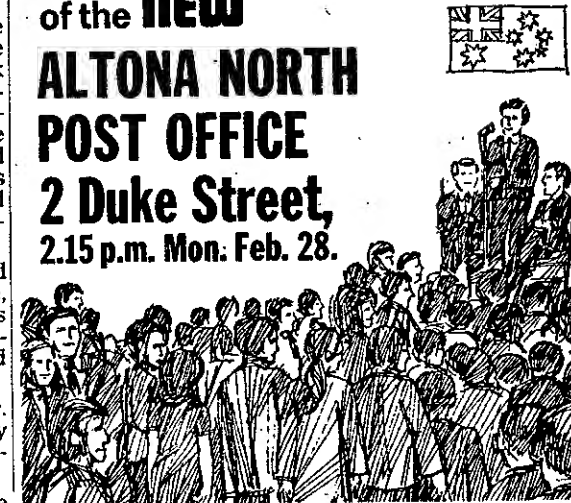

Commenting on Mr. Cavanagh's letter, Cr. Ray Richards said he was delighted at the news.

"My wife said all the

Huckleberry Finns in the area will probably pop up," said Cr. Richards. "This venture is bound to provide pleasure for many."

Council put the project to the Fisheries and Wildlife Department last year following a petition from local residents requesting the move.

THE POSTMASTER-GENERAL'S DEPARTMENT cordially invites you to the OFFICIAL OPENING of the NEW ALTONA NORTH POST OFFICE 2 Duke Street, 2.15 p.m. Mon. Feb. 28.

Canteen aid

The Canteen Committee at Altona North High has made a plea to parents for help on a voluntary basis.

The canteen serves a dual purpose, giving pupils the opportunity to buy their lunches and also providing a valuable source of income for the school.

It is staffed on a voluntary basis with a helper's roster, a manager and an assistant.

The committee has asked parents to help once a month, or even more often if they can spare the time, as it is a worthwhile project.

Infant welfare sister retires

Well-liked Sister Viola Joy Pryce-Jones, who was sister-in-charge at the Altona Infant Welfare service for 10 years, retired recently.

Sister Pryce-Jones was popular because she was always ready to give helpful and reassuring advice to worried mothers.

Prior to her appointment by Altona Council, she was Senior Inspector of the Infant Welfare Section of the State Health Department.

Sister Pryce-Jones was also the official visitor at the Altona District Hospital and in the past 12 months had consultations with the mothers of 50 babies.

This was in addition to 5320 consultations at

the Welfare Centre and 438 home visits to expectant mothers.

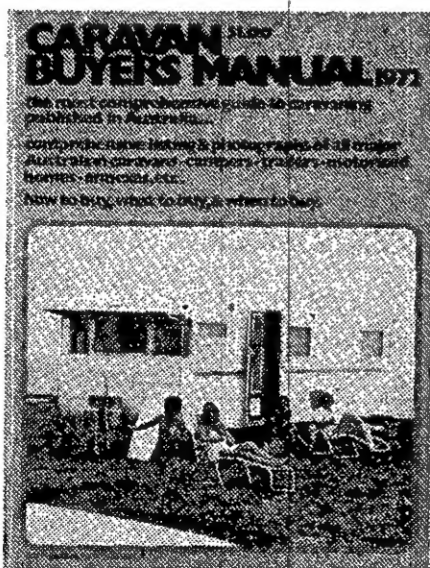

Sister Pryce-Jones endeared herself to

mothers and babies and was visited by numerous mothers to farewell her during her final days at Altona.

FORD CLAIMS JANUARY SALES RECORD

Ford Australia last week announced record January retail sales of 8402 units.

This included record passenger retail sales of 7116 units.

Ford's director of marketing, Mr. Keith Horner, said the total retail sales had bettered the previous best January figure—last year's—by 140 units.

"And on preliminary registration figures for the month, I am confident that for the first time Ford has outsold GM-H in the passenger car segment," he said.

"From these figures, it seems that Falcon, for the first time, has outsold the Holden, and the Fairlane has beaten the Statesman by over four to one.

"On preliminary figures received so far, Ford has also achieved all-time record market shares in Brisbane, Sydney, Melbourne and South Australia."

Mr. Horner said Ford had created new sales records with Falcon, Fairlane and Cortina.

"For the month, we retailed 4529 Falcons and 749 Fairlanes, increases of 273 and 27 respectively over the

previous best January," he said.

"And the TC Cortina, introduced last August, continues to show impressive growth, with sales of 1134 units—an increase of 26 over the previous best January figure.

Ford's figures for the first month of 1972 follow a year in which the company established record sales figures of 112,726 units.

"In a period of gen-

eral stagnation for the industry, our January figures are most encouraging and give promise of yet another record year for Ford," Mr. Horner said.

It's not often you come across what I saw last Sunday.

A very attractive young lady stepped out of her Torana sedan near North Williamstown railway station carrying empty milk bottles into the shop, when suddenly she broke one in the centre of the road.

She returned a few moments later with a broom and cleaned the mess up.

We thank you KPL-328 for being a Road Safety Good Gal.

★ ★ ★

After the recent and continuing floodings, it is evident that a main part of the trouble has come from blocked drains.

This was prominent in Melbourne Road, Douglas Parade and Kororoit Creek Road. I certainly hope the council can avoid this in future.

Ticket sales have been exceptionally good for Williamstown Little Theatre's production of *The Odd Couple*, which runs from tomorrow until March 4.

Demand for "odd couple"

The few tickets still unsold are being held by Alec Colville on 397 7812 or at the theatre after 7.30 each night during the season.

At this show some

of the front-of-house staff will be wearing their new uniform evening dress.

This will replace the red frocks that were so much a part of the Albert Street scene in the first few years.

An appeal is being organised to help Colin Stephenson's family with immediate expenses.

In anticipation a substantial donation has already been made, but a further donation would be appropriate.

In your time — A guide TO LEISURE

By Peter Vaughan

There is no doubt that since the advent of the "R" certificate Melbourne audiences have been able to see many films with themes that have up till now been regarded as taboo by the censors.

As I have said earlier (December 1st) this does not mean we will be swamped with a plethora of pornography, far from it, but at last we are able to see films which regard the viewer as being mature enough to handle subject matter of a controversial nature.

Both Klute (Palladium, 100 Bourke St., 663 4801) and Carnal Knowledge (Mid-city Cinema 4, 200 Bourke St., 663 3081) are films which deal with people and their sexual relationships and yet both lack any explicit scenes and both make their point without recourse to exaggeration or vulgarity.

Their themes are remarkably similar although the subject matter of both is totally different.

What in effect they are both saying is that in any relationship with another human being, be it sexual or otherwise, there is always a price to pay and often the price is greater than the benefits to be derived from such relationships.

Klute is a private detective (Donald Sutherland) who is hired to find a company manager who has disappeared suddenly

and without explanation.

The only clue to his whereabouts is the phone number of a call girl named Bree Daniels (Jane Fonda) and the film is supposed to revolve around the solving of the mystery.

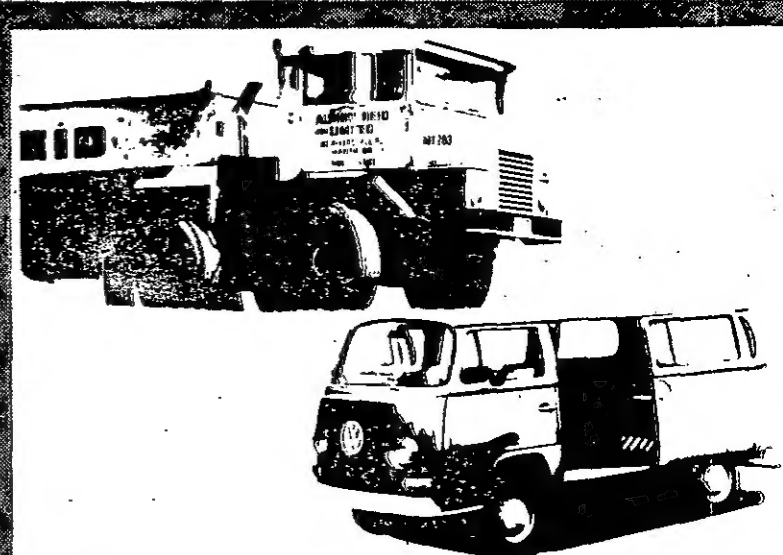

In fact Bree dominates the film and Jane Fonda gives a superb portrayal of what must rank as one of the most sincere interpretations of the oldest profession with its fears, loneliness, personality conflicts and lack of real feeling towards people.

As a study of an alienated group in our society the film makes many worthy points without being moralistic or condescending.

Carnal Knowledge portrays the lives of two friends (Jack Nicholson and Art Garfunkel) from their college days to seedy middle age as they act out their insecurities and personality problems in their never-ending search for sexual satisfaction.

Neither is capable of an ensuring relationship with a woman for both are so concerned with the carnal that they ignore the metaphysical. At the end of twenty years they are mere shadows living out their lives, for their constant quest for new pleasures has left them lonely and bitter with nothing remaining but to grow old.

Everyone apparently has their price to pay.

**ALTONA OUT OF
NORDENNE CUP**
In a shock defeat, Altona Duty
were ousted from the Nordenne Cup
by Slavia, losing by two goals to one.

The locals contributed
to their own downfall by
continuing to play down
the middle.
Every ball was easy
meat for Mike O'Hara in
the Slavia goal. Harry
Sutherland will have to
hammer home tactics to
the "Maroons" before the
start of the League season.
Other games went ac-
cording to form: Moor-
oolbark were too good for
Preston and Hakoah ac-
counted for Western Sub-
urbs after a very hard
struggle.
Altona Res. XI faced up
to the might of the George
Cross, and for a while the
young side, which contain-
ed six under sixteens, gave
as good as they got, finally
losing by four goals to
one.

But once again it was
evident that the Altona
coaches have a hard job to
speed up and teach the
players to play these posi-
tions.

There is loads of talent,
but it will have to be har-
nessed by passing the ball
instead of running in the
face of it.
Next Sunday's semi-
finals at Kims Reserve
should be good games.
George Cross are still
favorites and will take a
lot of beating, while Moor-
oolbark emerge as the
dark horses.

Altona Duty have a
problem, and it is one
which the committee is
handling properly.

Morley was on the ball

The Premier's department has requested further details from Williamstown Council following application for some of Sir Henry Bolte's million dollar hand out.

Town Clerk, Mr. J. E. Morley read of the money to be made available to the metropolitan area for creating work in Wednesday's "Age".

By 3 p.m. that afternoon the Premier's secretary was reading a letter from Williamstown requesting a total of \$814,000.

Mr. Morley was commended in council for being "on the ball".

Municipal councils were requested to apply for grants for short term work which could be started immediately.

And Mr. Morley put in the application immediately.

This is the application, broken down into seven items:

• Mason Street underground drainage from Melbourne Road to Jack Street, \$17,000.

• Crawford Street underground drainage from Paine Street to Bunbury Street, \$7000.

• Nelson Street reconstruction, Ann Street to Morris Street, \$50,000.

• Victoria Street reconstruction, full length \$300,000.

• Woods Street flank from Challis Street to Blenheim Road, \$80,000.

• Osborne Street reconstruction from Victoria Street to Morris Street, \$350,000.

• Dockyard Drainage from Morris Street via Nelson Place and Reid Street, \$10,000.

Any money made available to Williamstown through the Premier's grant would enable the financing of temporary employment for Williamstown's unemployed.

Cr. Weaver back

Cr. Harry Weaver has been re-elected for a further three-year term as Altona's Board of Works Commissioner. Cr. Weaver's current term ends next Tuesday.

At the recent Altona Council meeting he was unanimously re-elected to the post and praised by councillors for his efforts in getting Altona sewered.

Cr. Crofts said Cr. Weaver had done an outstanding job during the past three years. "I have spoken to a number of people on the sewerage committee and they have all spoken highly of Cr. Weaver," said Cr. Crofts.

"It is not often that a council has a councillor who is willing to attend as many meetings as Cr. Weaver has done. I commend Cr. Weaver for the attitude he has shown on our behalf. He has done plenty to push the barrow for Altona and recently I believe he knocked on 30 doors in one evening to gain some information," said Cr. Crofts.

The remarks by Cr. Crofts were endorsed by Cr. Doug Grant who added: "Last year as Mayor I heard similar comments about Cr. Weaver and I thank him also for the effort he has been putting up for the ratepayers and I trust that it is not to the detriment of his own business."

The centre championships will resume on March 4.

J.U.S.T., CROATIA REHEARSE FOR CUP FINAL

Footscray J.U.S.T. and Croatia will stage what could be a rehearsal for the Ampol Cup final when they meet in the last preliminary match at Olympic Park on Friday night.

By LAURIE SCHWAB

Last season's top league scorer Slobodan Zoraja returned to the J.U.S.T. team last week after a lay-off due to injury and promptly scored two goals to lead his team to a 3-0 victory over Polonia.

Another star was 42-year-old Tommy Stankovic who had a great second half, making the play from the left flank.

This Stanley Matthews of Victoria soccer is still as skillful as he was in his heyday and if he were fit he'd be hard to displace in the senior team.

Polonia showed a lot of spirit and tackled hard in defence but it has no forwards who can score goals.

Every week, coach Kaz Kowalec, a former Australian representative, gets off his bench at half-time and takes the field in the hope of sharpening the attack.

He did it again last week and the improvement was obvious but he more than anyone realises Polonia will be in bad trouble if it doesn't find a striker soon.

J.U.S.T. opened the scoring in the 27th minute when Zoraja turned onto a through ball and smashed it home.

Five minutes later busy midfielder Marjan Lopatic cannoned a shoulder-high shot

past Ziggy Szalinski from 20 yards to make it 2-0.

Slobodan Lukic, a potential State player last year, replaced Velickovic at half-time and his intelligent link work must again make him a regular in the senior team.

Stankovic was starting to dictate play from midfield.

In the 42nd minute his free kick came off the head of Rujevic with the goalkeeper beaten but big Eddy Marmur cleared off the line.

Five minutes from the end Kowalec rattled the bar from 15 yards with only the goalkeeper in front of him.

Only one minute later Zoraja sealed Polonia's fate by backheading a Stankovic cross past Szalinski.

Goals, J.U.S.T.: Zoraja 27th min., 66th, Lopatic 32nd.

Teams: J.U.S.T.: Vujatovic, Zivkovic, Rosca, Micic, Milinov, Lopatic, Velickovic (sub. Lukic half-time), Stankovic, Zoraja, Rujevic, Buljevic.

Polonia: Szalinski, Gray, Olinowski, Marmur, Czarnik, Konopa, Closs, Widera (sub. Anolak 55th), Jaworski (sub. Kowalec half-time), Adamczyk, Plaskota.

Best players: J.U.S.T.: Zoraja, Lopatic, Stankovic, Polonia: Closs, Konopa, Kowalec.

A two-minute blitz that produced two goals gave Juventus

victory over George Cross last Friday.

Juventus was greatly improved due to the acquisition of international Johnny Perin from Adelaide and the return to the team of Jock Goodwin, Sandy Irvine, Keith Webster and Jimmy Smart.

George Cross on the other hand, lacked striking power and its linkmen John Gardner and Kevin Walker were well below their best.

All eyes were on Perin in his Victorian debut and although he was active, it seemed he was still on the outside, trying to get in.

Nervousness cost him at least two goals. However, it was from a Perin free kick that Irvine scored Juventus' first goal in the 55th minute.

Only one minute later Dino Demarchi intercepted a back-pass from Bobby McLaughlin to goalkeeper Lou Kastner.

Demarchi flashed the ball to Smart on his right, who scored easily from 10 yards.

Best players, Juventus: Irvine, Goodwin, Smart. George Cross: Kastner, Sanchez, Korlevic.

Teams: Juventus: Harby, Bontjeni, Barberi, Della Rocca, Goodwin, Irvine, Frost, Webster, Smart, Perin, McRobert (Demarchi 43rd).

George Cross: Kastner, Ricks, McLaughlin, Korlevic, Harrison, Sanchez, Paul (Kelly 49th), Gardner, Heywood, Walker, Epifano.

SDJFA seeks more teams

Sunshine District Junior Football Association is seeking players — and inviting new teams — for the 1972 season.

An urgent need for central umpires was the result of the Victorian Football Association withdrawing its umpires from the SDJFA.

Mr. Brown said the coming season would be the first for which the VFA did not provide umpires.

The matter would be discussed at a meeting of the association on Monday, February 28, at Skinner Reserve, Sunshine, at 8 p.m.

Those who felt they could fill umpiring gaps were urged to contact him as soon as possible on 314 6339.

The association was also anxious to have new teams in the 1972 round.

Mr. Brown is seeking applications before March 14.

President wins at bowls

The final of Newport Associates' club championships has been won by club president, Mary Michael.

She defeated Stella Rogah 25-23.

Mary is the first Newport lady president to win the club championship.

Rain saved the day

A draw for the firsts and a win for the seconds — that is the outcome for Williamstown after Saturday's wash-out of sub-district cricket.

The first eleven was saved from almost certain defeat, having been 81 behind Brighton's first innings score with only three wickets in hand. The two sides take three points each.

The seconds had already established a first innings lead and take six points.

The final game of the season starts on Saturday and should be full of interest.

Williamstown meets final four contenders Preston, led by former Victorian skipper Jack Potter.

Vandals wreck golf club sign

Vandals caused \$100 worth of damage to the new Koorringal Golf Club sign during the weekend.

The damage took place after midnight on Saturday and was reported to Altona police on Sunday morning by club manager Peter Ratson.

Nearby residents observed five youths in the area shortly before the damage occurred.

ALL THREE WIN

Altona Bowling Club celebrated during the weekend after all three teams had won their matches.

A3 clawed its way to the top of its section by defeating a hapless ICI team on its home ground, 92-82.

B4 playing Moreland at home notched its biggest win this season by defeating its opponents by 37 shots, 112-75.

All rinks in A3 deserve a mention, particularly T.

Reid's rink which fought from 18 shots down at the 19th end to down by only six shots at the finish, 20-26.
